The InfoShare™ Victim Witness Portal Is Totally Integrated with Your InfoShare™ e-Pros System!

Developed with and for Victim/Witness Advocates, the InfoShare™ Victim Witness Portal meets all state and federal guidelines, supporting your agency in delivering services to victims and witnesses.

01

Upon creating a profile, the Victim/Witness will have access to receive forms, letters and notifications securely through the portal. Instructions to the client on establishing their profile is included in the initial Victim Services Registration and Confidentiality Notice.

02

Completely integrated with InfoShare™: The Victim Services Tab is built into the e-Prosecution, Juvenile, Investigation and DV Family modules, so the case is automatically updated with current Victim Witness information in real time! Workflow is built in and the Victims Services Advocates have the most current information at their fingertips!

03

Provides for automatic generation of the VOCA SubGrantee Data Report and the VAWA Muskie Report.

04

Receive and manage all Adult, Juvenile and DV Victim letters and notifications electronically: All of your agency's forms and letters are made available and are distributed through the portal!

05

The Statistics Tracker (Victim Services Tab) Tracks all Victim Witness services provided!

06

Images and documents can be uploaded to the portal by the Victim/ Witness and by the Victim Services Office.

07

User-friendly access for Victim/Witnesses to services and information via the portal.

08

Drastically saves resources for your agency (time, postage, data entry, distribution and storage), while increasing services to Victims and Witnesses!

Enhance Your Victim Witness Advocacy Coordinators' Ability to:

Provide Information and Services to their Clients

Improve Accuracy

Reduce Redundant Data Entry

Save Resources

Using the Best Portal Technology on the Market!
