InfoAlert!

School Safety Edition

Enhancing School Security, Administration and Communication

One Click Can Increase the Safety at Your School!

InfoAlert! is a modern smart device application that supports school safety initiatives and promotes rapid communication for emergency alerts and other notifications

From a school closing to an active shooter, provide your school administration with the ability to **get the right information to the right people FAST!**

- Designed especially for school safety and administration
- Quick, silent alerts to public safety authorities
- Notify and alert who you must when you must
- Notifications to staff, students and other schools

InfoAlert!

Keeps Your School Community Safe and Informed

01 Provides an immediate warning and notification capability among school administrators, teachers and students

02 One click to alert police; facilitates silent messaging and location notification

03 Embedded with GPS technology: When you call police, they automatically know your location

04 Easily attach photos and videos to your message

05 Can pre-define distribution lists for quick notifications to target audiences at any time

06 Can pre-define messages for both routine notifications and emergency alerts. GET THE WORD OUT FAST!

07 Fully integrates with police RMS and CAD for immediate response dispatch and access to school floor plans

08 Customizable to fit YOUR school security plans

09 "Remember Me" feature eliminates need for password entry in emergencies

10 Silent communication feature facilitates ability to send and receive communication and instructions in times of emergency and lock-downs
